

# Captain's Log

November 2018

---

**Dear Parents/Guardians:**

*As seasons change we are entering the time of year that our attention turns to holidays and basketball. As we look forward to those times keep the below items in mind:*

*Elementary students are not to stay after school without adult supervision. Walking over to the High School to wait on games to start or parents to arrive after 5:00 will not be permitted. Also, elementary students at games without an adult or guardian will be sent home, so please do not drop off elementary students and come back to pick them up several hours later.*

*Attendance is extremely important to our school financially, for accountability, and for our kids to excel in their academics. Make sure your children are here unless they have not been fever free for 24hrs or have thrown-up. As we approach flu season it is extremely important to follow those previously stated rules. Please always call us and send doctor's notes upon return to school. Thank you for helping keep our school healthy in many different ways.*

*Remember that grade 2-6 have the opportunity for morning math tutorials Monday through Thursday from 7:35 to 7:55 am. They can bring their breakfast into the room and get any needed help. Also, remember to set up your parent portal so you can track student grades throughout the six-weeks.*

*Thank you for helping your children, our teachers, and Eula Elementary be successful!*

*Your Principal,*

*Cody Bob Williams*
